

Year 6 Autumn 1 Design Technology Seasonal Foods

Lesson 4 17.10.24

For today's lesson, the children got themselves into groups based on the sort of soup they wanted to make, whether it would be chunky or smooth, spicy or mild.

They looked at their research from last lesson and came up with their group soup recipe.

Some groups had to compromise with adding extra ingredients or getting rid of particular vegetables. Year 6 showed some great team work skills and ensured every team member was happy with the chosen recipe.

Serves: 6 Prep time: 20 mins Cooking time: 25 mins

Equipment / Utensils:

- Knife
- Spoon
- Oven

Ingredients:

- 250g of ripe tomatoes
- pinch of chilli
- pinch of ginger
- pinches of salt
- Tbsp of olive oil
- 2 stock cubes
- 2 x quarts of tomato puree (about 2 tsp)

Instructions:

First prepare your vegetables you need 1-1.25kg of ripe tomatoes. Cut the tomatoes in half, remove the seeds, pull them out. Put the green stuff bits and save for the soup base but do they don't, just pull out bits.

Serves: 4 people Prep time: 5 mins Cooking time: 30 mins

Equipment / Utensils:

- Soup maker
- oven
- knife

Ingredients:

- 1kg of ripe tomatoes
- 2 small onions
- 2 tsp of tomato puree
- 2 pinches of sugar
- 900ml of veg stock
- half a tsp of salt

Instructions:

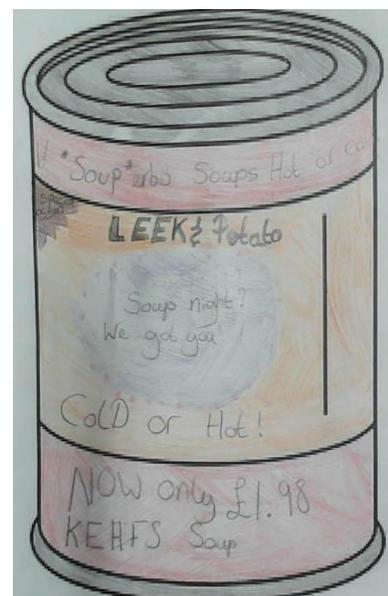

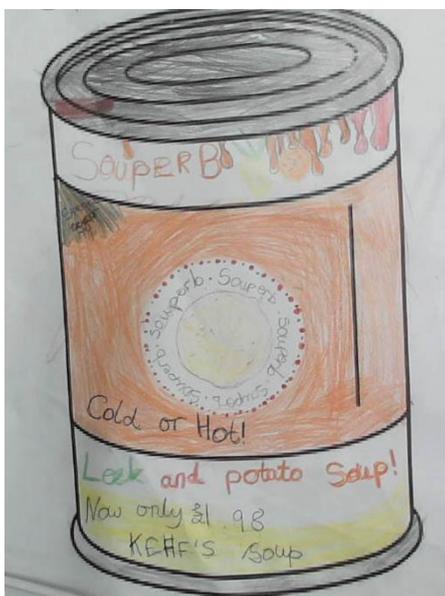

Step 1
Put all the ingredients into the soup maker and press the 'smooth soup' function. Make sure you don't fill the soup maker above the max fill line.

Step 2
Once the cycle is complete, season well and check the soup for sweetness. Add a little more sugar, salt or tomato puree for depth of colour, if you like.

After they had come up with their recipe, the children designed different soup tin labels.

“I wanted to make sure my tin was really bright and eye grabbing so people would notice it on the shelf and want to try it.”

“I put a little offer on my soup to buy 1 and get 1 free because I see things like that in the shops. I always want to buy stuff when it has offers on.”

Finally, the children created adverts with aim of persuading people to buy their soups.
